

Jukka Kääriäinen Solo

Technical Rider:

Minimum:

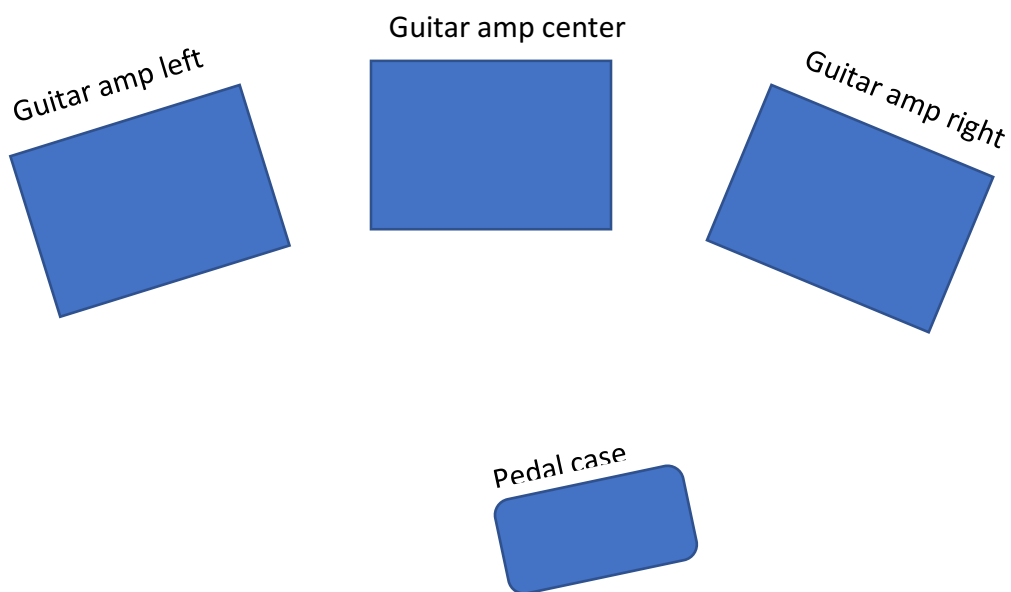

- 2 x guitar tube amp or chance to plug into a good stereo PA-system.

Preferable:

- 3 x guitar tube amp (vox ac-30)

Depending on the venue, if PA is preferred and amplifiers are not enough by themselves. I would need the venue to provide respective microphones and stands for the guitar amplifiers to get microphoned.

Stage map

Channel list

1. Guitar amp left
2. Guitar amp right
3. Guitar amp center
